INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Appalachia Service Project, Inc. Johnson City, Tennessee

Report on the Financial Statements

We have audited the accompanying financial statements of Appalachia Service Project, Inc. (a nonprofit organization), which comprise the statements of financial position as of December 31, 2018 and 2017, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Appalachia Service Project, Inc. as of December 31, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated May 31, 2019, on our consideration of Appalachia Service Project, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Appalachia Service Project, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Appalachia Service Project, Inc.'s internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

Note 1. Significant Accounting Policies

Nature of activities

Appalachia Service Project, Inc. (ASP) is a nonprofit organization organized for the purpose of alleviating sub-standard housing conditions in Appalachia by utilizing volunteers to repair, renovate and construct housing for the individuals affected by these conditions. ASP allows for the exchange of culture, hopes, talents, faith, and love between volunteers and Appalachian families. The purpose of the project is to extend a helping hand to fellow human beings in the spirit of love and acceptance. ASP's programs are supported primarily by grants, donations, and fees paid by volunteer work groups. ASP operates year-round centers in Johnson City, TN; Chavies, KY; Jonesville, VA; and Guyan Valley, WV.

ASP performs major remodeling and repairs to various homes. When necessary, ASP has allowed notes to be carried for the remodeling work performed. Individuals apply for assistance through grants and low or non-interest bearing mortgages. Assistance is determined based upon financial need and debt to equity ratios with a varying amount of grants and mortgages per individual.

Basis of accounting and presentation

The accompanying financial statements are presented on the accrual basis of accounting.

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958, *Not-for-Profit Entities*. Under FASB ASC 958, ASP is required to report information regarding its financial position and activities according to two classes of net assets: without donor restrictions and with donor restrictions.

ASP reports gifts of cash and other assets as net assets with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restrictions is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. All net assets with donor restrictions that have their restrictions met in the same reporting period as the donation received are reported as net assets without donor restrictions.

ASP reports gifts of land, buildings, and equipment as net assets without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. Gifts of cash or other assets that must be used to acquire long-lived assets are reported as net assets with donor restrictions. Absent explicit donor stipulations about how long these long-lived assets must be maintained, ASP reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Cash and cash equivalents

ASP considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

Note 1. Significant Accounting Policies (Continued)

Cash and cash equivalents (Continued)

Funds kept in regular checking and savings accounts are secured by the Federal Deposit Insurance Corporation (FDIC). At times, these funds may be in excess of the FDIC insurance limit. ASP has not experienced any losses in such accounts.

ASP also maintains funds in registered money market funds covered by fidelity bonds and held by custodian banks.

The ASP Board of Directors has designated a cash reserve for the purpose of meeting the Organization's cash flow needs. At the end of each calendar year, this Board designation requires a cash reserve of no less than \$1,230,000, not including any cash balance in the Revolving Loan Fund, to be maintained in the General Fund. At December 31, 2018 and 2017, the Organization was in compliance with the Board designated reserve.

Mortgages receivable

Mortgages receivable are reported at their outstanding unpaid principal balances adjusted by an allowance for loan losses. ASP maintains an allowance for loan losses to absorb an estimate of losses inherent in the receivables. The allowance is reviewed periodically by management to provide assurance that an appropriate level of loan loss reserve is maintained. The allowance for loan losses is maintained at an amount management deems adequate to cover inherent losses at the balance sheet date. The Organization considers a loan to be impaired when, based upon current information and events, it believes it is probable that the Organization will be unable to collect all amounts due according to the contractual terms of the loan agreement. If an impaired loan is forgiven, loss of principal, if any, is recorded through a charge-off to the appropriate expense account.

Inventories

Inventories of resale items and purchased building materials are valued at cost. Small tools and building materials, which are donated, are valued at flea market value.

Property and equipment

Property and equipment are capitalized at cost for purchases and at fair market value for donated items. Depreciation is computed on a straight-line basis over the estimated service lives of the assets. ASP follows the practice of capitalizing, at cost, all expenses for fixed assets in excess of \$400. Estimated useful lives are as follows:

Vehicles3yearsEquipment5-10yearsOffice Equipment5yearsBuildings30-39years

Small tools and other materials are included in inventory and are not depreciated.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

Note 1. Significant Accounting Policies (Continued)

Compensated absences

Personal days are accrued at a rate of 1.25 days for the first two years of employment, 1.67 days for years 3 through 7, and 2.08 days beginning in the 8th year, for each month worked, based on the employee's anniversary date. Employees are encouraged to use their personal time in the calendar year in which it is earned. A maximum of five days of personal time may be carried over into the first quarter of the following year. If the personal time earned is not taken by the end of the first quarter, it is forfeited. However, ASP is liable for the amount of accrued but unused personal time, up to the maximum allowed, for any employee who left ASP as of the end of the calendar year.

Full-time employees accrue sick leave at the rate of one day per month. Part-time employees earn sick leave on a prorated basis relative to the average number of hours worked per month. At the end of the calendar year, employees with unused sick leave days will be credited with 1/3 of remaining sick days as additional personal days in the first quarter of the new year. ASP does not provide for any payment of unused sick days.

Allocation of expenses

ASP's expenses are presented on a functional basis, showing basic program activities and support services. ASP allocates expenses to home repair and building, office and administration, and fundraising based on the organizational cost centers in which expenses are incurred. Expenses are allocated between support and program services based upon specific identification, or a defined allocation method.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could vary from the estimates that were used.

Deferred revenue

Income from prepaid summer program registration fees and prepaid summer volunteer fees are deferred and recognized in the period to which the fees relate. Also, federal grant funds received but not expended are deferred and recognized in the period the grant expenditures are made.

Income tax status

ASP is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code.

FASB ASC 740-10, Accounting for Uncertainty in Income Taxes, clarifies the accounting and recognition for income tax positions taken or expected to be taken in ASP's income tax returns. ASP files income tax returns in the U.S. federal jurisdiction. ASP's income tax filings are subject to audit by various taxing authorities. ASP's open audit periods are 2015-2018.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

Note 2. Contributed Services

A substantial number of unpaid volunteers make significant contributions of their time to work in ASP's programs. Although these services are necessary to the program, they are, for the most part, not provided by volunteers with specialized skills. In addition, they probably would not be purchased if they were not donated, a requirement of FASB ASC 958-605, *Revenue Recognition*, to be recognized in the financial statements. Accordingly, the value of this labor has not been recorded in the financial statements. Management estimates the value of these services to be \$13,940,141 and \$12,122,456 for 2018 and 2017, respectively.

Note 3. Liquidity and Availability

Financial assets available for general expenditure, that is without donor or other restrictions limiting their use, within one year of the balance sheet date, comprise the following:

Cash and cash equivalents	\$ 151,359
Project income receivable	199,350
Mortgages receivable, current	3,349
	\$ 354,058

ASP also has endowment funds consisting of funds designated by the board as endowments.

ASP's board-designated endowment of \$891,300 does have a spending policy detailed in Note 6. Although management does not intend to spend from this board-designated endowment (other than amounts appropriated for general expenditure as part of our Board's annual budget approval and appropriation), these amounts could be made available if necessary.

As part of the Organization's liquidity management plan, three lines of credit have also been acquired and are detailed in Note 9.

Note 4. Investments

Endowment investments at December 31 included the following:

	2018						
	Cost	Unrealized Gains	Unrealized Losses	Fair Value			
Mutual Funds	\$ 956,296	\$ -	\$ 81,816	\$ 874,480			
		20	17				
	Cost	Unrealized Gains	Unrealized Losses	Fair Value			
Mutual Funds	\$ 837,336	\$ 83,253	\$ -	\$ 920,589			

NOTES TO FINANCIAL STATEMENTS December 31, 2018

Note 5. Mortgages Receivable

ASP issues non-interest and low-interest loans for construction and remodeling of homes. The mortgages result primarily from funds received from federal and state programs. These funds have a predetermined interest rate set by the grantor agencies. For this reason, no imputed interest has been calculated.

Mortgages receivable, net totaled \$44,657 and \$45,845 at December 31, 2018 and 2017, respectively. Due to the inherent uncertainties associated with the collectability of the loans, the value of the underlying collateral, and the reputational risk associated with foreclosure, mortgages receivable, net are recorded at an amount that management believes approximates net realizable value as stated below.

	2018	2017
Mortgages receivable	\$ 175,472	\$ 186,415
Less: Allowance for loan losses	(130,815)	(140,570)
Mortgages receivable, net	44,657	45,845
Less: Mortgages receivable, current	3,349	3,438
Mortgages receivable, long-term	\$ 41,308	\$ 42,407

Note 6. Endowment

ASP's endowment funds consist of contributions received from individuals providing them the opportunity to make charitable gifts to ASP. As required by GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

ASP's Board of Directors has segregated a portion of net assets without donor restrictions as a board designated endowment to be invested to provide income for an unspecified period. The board designated endowment is classified as net assets without donor restrictions.

Endowment Net Asset Composition by Type of Fund as of December 31, 2018

Description of Amounts Classified as Net Assets Without Donor Restrictions, and Net Assets With Donor Restrictions

	Decen	December 31, 2018		December 31, 2017		
Net Assets Without Donor Restrictions	_	_				
Board designated endowment funds	\$	891,300	\$	937,098		

Return Objectives and Risk Parameters

ASP has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Under these policies, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results while assuming a moderate level of investment risk. ASP expects its endowment funds, over time, to provide an average rate of return that is above the combined rate of inflation and spending rate of ASP. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, ASP relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). ASP targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

Note 6. Endowment (Continued)

Spending Policy and How the Investment Objectives Relate to the Spending Policy

ASP has a policy of appropriating distributions only after the endowment exceeds \$500,000. Once the endowment achieves this minimum threshold, the maximum annual distribution permitted is five percent of the average of the previous three years fair market value at December 31. In establishing this policy, the Organization considered the long-term expected return on its endowment. This is consistent with the Organization's objective to maintain the purchasing power of the endowment assets held.

Note 7. Inventories

Inventories consist of the following:

	2018		 2017	
Resale items (includes homes)	\$	43,869	\$ 35,652	
Homes under construction		777,377	591,372	
Small tools		152,441	149,452	
	\$	973,687	\$ 776,476	

Note 8. Property and Equipment

Property and equipment consists of the following:

	2018			2017	
Vehicles	\$	1,816,573	\$	1,736,788	
Buildings	*	2,567,505	*	2,567,505	
Building improvements		77,273		77,273	
Land		646,205		646,205	
Office equipment		354,999		352,593	
Equipment		306,500		260,133	
		5,769,055		5,640,497	
Less: accumulated depreciation		(3,550,098)		(3,389,291)	
	\$	2,218,957	\$	2,251,206	

Note 9. Lines of Credit and Long Term Debt

ASP has the following lines of credit:

Bank of Tennessee, up to \$500,000, variable interest at a minimum of 5.50% through May 2020. This line of credit is secured by certain property of ASP and was unused at December 31, 2018 and 2017.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

Note 9. Lines of Credit and Long Term Debt (Continued)

Bank of Tennessee, up to \$100,000, interest at 5.00% through December 2019. This line of credit is secured by certain property of ASP and had a balance of \$100,000 and \$50,000 at December 31, 2018 and 2017, respectively.

Federation of Appalachian Housing Enterprises, Inc. up to \$150,000, interest at 6.00% at December 31, 2018 and 2017, respectively, through June 2019. This line of credit is unsecured and was unused at December 31, 2018 and 2017.

In February 2015, ASP entered into a loan agreement with a financial institution for \$635,000 for the purchase of certain property. The fixed interest rate is 4.57%. The loan terms are quarterly interest only payments to the maturity date of February 24, 2020. The entire outstanding principal along with all accrued interest shall be due and payable on this date. The balance at December 31, 2018 and 2017 was \$393,537 and \$612,601, respectively.

Note 10. Net Assets With Donor Restrictions

Net assets with donor restrictions and restricted cash are available for the following purposes:

	2018		2017	
Collegiate weekend fund	\$	4,119	\$	4,119
Purchase of vehicles		170		2,803
Front porch fund		4,396		4,296
Hancock County		25,000		-
Capital Campaign		265,823		-
New build West Virginia fund		75,900		144,388
Sevier County disaster relief fund		155,375		429,559
	\$	530,783	\$	585,165

Note 11. Fair Value of Financial Instruments

FASB ASC 820-10, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of quoted prices in active markets for identical investments and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs where there is little or no market activity. Level 3 inputs have the lowest priority.

The following are the major categories of investments measured at fair value on a recurring basis during the years ended December 31, 2018 and 2017, using quoted prices in active markets for identical assets (Level 1) and significant other observable inputs (Level 2). For these investments, for which there are no quoted market prices available, a reasonable estimate of fair value was based on quoted prices for similar investments in active markets. ASP had no Level 3 valuations at December 31, 2018 and 2017.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

Note 11. Fair Value of Financial Instruments (Continued)

Description	Level 2: Significant Other Observable Inputs				
		2018		2017	
Mutual funds	\$	874,480	\$	920,589	

Note 12. Pension Plan

ASP permits employees to contribute to a tax-deferred annuity program for the purchase of an annuity contract or the establishment of a custodial account as described by Internal Revenue Code Section 403(b). ASP matches the employee's contribution up to a maximum of 6% of the employee's salary. Matching funds totaled \$105,626 and \$96,391 for 2018 and 2017, respectively.

Note 13. Commitments and Contingencies

As of December 31, 2018 and 2017, ASP is contingently liable as guarantor with respect to \$58,637 and \$65,703 of indebtedness for certain recipients of federal monies received for the purpose of home repair or construction. No material loss is anticipated by reason of such guarantee.

The ASP endowment program invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect account balances and amounts reported in the financial statements.

Note 14. Accounting Pronouncements

In May 2014, the FASB issued Accounting Standards Update (ASU) 2014-09, "Revenue from Contracts with Customers." ASU 2014-09 clarifies the principles for recognizing revenue and establishes a common revenue standard for U.S. financial reporting purposes. The guidance in ASU 2014-09 affects any entity that either enters into contracts with customers to transfer goods or services or enters into contracts for the transfer of nonfinancial assets unless those contracts are within the scope of other standards (for example, insurance contracts or lease contracts). ASU 2014-09 supersedes the revenue recognition requirements in ASC 605, Revenue Recognition, and most industry-specific accounting guidance. Additionally, ASU 2014-09 supersedes some guidance included in ASC 605-35, Revenue Recognition—Construction-Type and Production-Type Contracts. In addition, the existing requirements for the recognition of a gain or loss on the transfer of nonfinancial assets that are not in a contract with a customer (for example, assets within the scope of ASC 360, Property, Plant, and Equipment, and intangible assets within the scope of ASC 350, Intangibles—Goodwill and Other) are amended to be consistent with the guidance on recognition and measurement (including the constraint on revenue) in ASU 2014-09. In August 2015, the FASB issued ASU 2015-14, Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date (ASU 2015-14) which defers the effective date of the new revenue recognition standard by one year.

NOTES TO FINANCIAL STATEMENTS December 31, 2018

Note 14. Accounting Pronouncements (Continued)

Accordingly, ASU 2014-09 will be effective for nonpublic entities for annual reporting periods beginning after December 15, 2018 and interim periods therein. The FASB has also issued ASU 2016-08, ASU 2016-10, ASU 2016-11, ASU 2016-12 and ASU 2016-20, all of which clarify certain implementation guidance within ASU 2014-09. ASP is evaluating the potential impact of the adoption of this guidance, but does not anticipate that the adoption will significantly change the timing or amount of revenue recognized. Therefore, ASP believes the adoption will be limited to expanded disclosures in its financial statements.

In August 2016, the FASB issued ASU 2016-14, Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities, which affects all nonprofit organizations. The ASU significantly amends the standards for the presentation and accompanying disclosures of the financial statements of nonprofit organizations. The ASU is effective for fiscal years beginning after December 15, 2017, and interim periods within fiscal years beginning after December 15, 2018. ASP implemented this ASU effective for the year ended December 31, 2018.

Note 15. Subsequent Events

In accordance with FASB ASC 855, ASP evaluated subsequent events through May 31, 2019, the date these financial statements were issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

INTERNAL CONTROL AND COMPLIANCE

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH **GOVERNMENT AUDITING STANDARDS**

To the Board of Directors Appalachia Service Project, Inc. Johnson City, Tennessee

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of Appalachia Service Project, Inc. (ASP) (a nonprofit organization), which comprise the statement of financial position as of December 31, 2018, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated May 31, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered ASP's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of ASP's internal control. Accordingly, we do not express an opinion on the effectiveness of ASP's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of ASP's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether ASP's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of ASP's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering ASP's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
